

Attention Multifamily & Retail Property Owners!

Ugly Dumpster? Expensive Corral?
Broken Gates?

Dumpster Dress combines the utility of a traditional dumpster with the assemblage of an aesthetically pleasing enclosure to create an interconnected all-in-one solution. The enclosure and dumpster are effectively one in the same making it difficult for a passer-by to even recognize it's intended use!

Design and Utility Patented

*As featured at the Waste Expo in
Las Vegas!*

Approved Vendors Include:

County Waste

Wastequip

Waste Management
