Brief History:

This is an exciting time for us at Adrenalin Motors. It is our 3rd year since the name and business model change from Sylvan Truck Ranch to Adrenalin Motors and it is our 7th year at this location in beautiful Sylvan Lake, AB!

I cut the ribbon to Adrenalin Motors in January of 2015 after purchasing the existing business Sylvan Truck Ranch off my father Daryl Czuy. Daryl and myself opened up Sylvan Truck Ranch in December 2009.

Starting off with a mere 30 vehicles in 2015, mostly vehicles purchased from the former Sylvan Truck Ranch. I was quick to flip and hand select my inventory to the needs and wants of the Sylvan Lake and Adrenalin lifestyle.

June 11, 2017

Today you can drive passed Adrenalin Motors and see everything from high end sports cars and customized trucks to luxury cars, classic cars, SUVs, and everything in between. We have a strong staff, who have been with me since the beginning and together we bring over 50 years' experience to the business.

With today's economy, many dealerships are struggling just to get by, but Adrenalin Motors is exceeding expectations. We have managed to increase the company from a starting inventory of 30 vehicles to a large cycling inventory of over 75 units. Through adapting to the constantly changing needs of Sylvan Lakers, Albertans, and the shifting economy, We have been managing to reap the benefits of these evolving wants and needs.

I continue to push for success. My drive and passion has caused Adrenalin Motors to become one of the largest pre-owned dealerships in Central Alberta and Adrenalin is still in its infancy. I am quick to jump on board with sponsorship opportunities and give back to the community in the same way I feels the community is supporting Adrenalin. Through promotions, donations, and community involvement, I have quickly become synonymous with Adrenalin Motors and individuals continue to come to Adrenalin Motors not only for the great experience of the company but to enjoy the great relationship they have built with myself.

I have demonstrated to investors such as yourself that we are not only serious about the dealership, but we are serious about delivering on our returns.

Our strong ability to adapt has brought Adrenalin Motors to an important milestone, and we would like to present an opportunity to you. This opportunity will allow us to continue our current aggressive expansion, as well as offer yourself the opportunity to gain a healthy, guaranteed return.

Last off I'd like to thank you for your time to read this proposal and look forward to possibly doing business with you. Those of you who know me, know that I am open minded and would love to have a conversation with you.

We understand and respect that this is big decision and there a lot of questions you may have, so to set up a meeting with myself simply get ahold of me via email or call him anytime.
