

FROM A SINGLE ROOM...

ROOM OFF

A single button to turn off all equipment. Its that simple.

STATUS SCREEN

Provides feedback for music and tells you what activity is on.

C4 BUTTON

Bring up an on-screen display on your TV showing your activities.

BUTTON LAYOUT

Easy to use button layout that adapts to suit your current activity. A button to suit every function with three custom buttons for advanced features.

WATCH / LISTEN

Easily access your room activities at the press of a button.

A CONTROL4 SINGLE ROOM SOLUTION provides effortless control of your living room equipment from a single remote control. It takes over from your original remote control and provides complete control of your TV, Sky or Virgin, Blu-ray, Apple TV and AV Amp or Receiver.

The Control4 EA series controllers provide access to music and internet radio and allows for control of devices behind cupboard doors keeping your living room equipment neatly hidden away.

... TO A WHOLE HOUSE

MORE CONVENIENCE

Wake up with shades that rise automatically with the morning sun.

BRILLIANT LIGHTING

Engraved keypads control lights, music and much more.

STREAM MUSIC

Play a different song in every room or the same song everywhere.

LIVING AREA

Control your living room area with one remote for all devices.

PIECE OF MIND

Lock doors and arm the security system from your bedside.

ADDED SECURITY

Remotely access cameras, lock doors and receive alerts.

SMART THERMOSTATS

Enjoy personalised comfort settings with advanced scheduling.

REMOTE ACCESS

Easily monitor and control your home from anywhere.

CONTROL4 SYSTEMS SCALE EASILY TO CONTROL THE ENTIRE HOUSE.

Your home has so many different bits of technology. Wouldn't it be nice if you had one control system to leverage complete control and automation of your home? Integrate lighting, CCTV cameras, door entry, you name it, Control4 can control it.

Lighting scenes can be switched on automatically at certain times of day, blinds can open and close, thermostats can be adjusted.

Control4's simple and intuitive user interface.
