GLORY & GRACE DAILY

.....

MAY 2017
.....

Christ lives in you the believer, and that makes you a victor over the daily challenges of life. The reason we still face each day with fear and anxiety, the reason we end up suffering defeats day after day, is because we have not come to know who we are or how to take full advantage of being made partakers of Christ. God has designed your life to be victorious every single day. It is your responsibility to take full advantage of that grace of God you have been called into. This is why the *Glory & Grace Daily* devotionals are written—not to fulfill some religious duty, but to give you snippets of how glorious a life God has designed for you each day and how you may live in it, here and now, every day. We encourage you not just to read these devotionals, but also to feed on them, in meditation, prayer, and faith.

Dr. Patrick Oben is a physician and minister who delights in bringing healing to both the spiritual and the physical heart. He is the Founder of Glory & Grace, a teaching ministry offering insight into God's Word of grace for a life of glory. He lives with his wife Maayuk and daughter Michaela in Iowa, USA. Visit Patrick at Glory & Grace or follow him on Twitter or Facebook.
