PERFORMANCE

From the first communication to the completed delivery of a program, WorkSafe Connect strives to deliver the highest quality in all facets of the business. We have built a great reputation for being reliable, knowledgeable and innovative. Our services transform the performance of you and your teams.

INNOVATION

WorkSafe Connect look for efficient methods, flexible solutions and forward thinking to ensure the future needs of a company or individual are considered and prepared for. We drive continuous improvement both within our business and for the people and companies we work with. We develop flexible services to suit changing needs and requirements.

VALUE

Our clients trust us to add value to their business and deliver a return on their investment. We work with you to identify a solution for your specific needs, develop solutions to satisfy those needs and add value to ensure that your objectives and performance targets are met.

WORKSAFE CONNECT

WorkSafe Connect is a leading business services enterprise specialising in the delivery of end-to-end solutions in the training, compliance and safety environment.

Our range of business services includes:

- Training
- Onboarding/inductions
- E-Learning
- Affiliate Partnerships
- Training package development
- Advisory services
- Trainer placement
- Funded programs

Our goal is to ensure the very best in training, safety and compliance related services are delivered in a style that is complementary to a company's corporate policies and procedures. Our services have been designed around your needs, enabling us to design and deliver programs that support your objectives

We work with you to identify specific training and safety needs, develop relevant courses to satisfy those needs in conjunction with a company's internal processes and can deliver the training, resources and reporting to ensure effective implementation.

With a strong team of experienced safety professionals committed to open and transparent communications, you can ensure you are in safe hands.

YOUR SAFETY IS OUR BUSINESS

EMPLOYER SERVICES

WorkSafe Connect's award winning team has spent over two decades designing, developing, implementing and improving compliance, safety and training related services. It is who we are and it is what we do. Drawing on industry leading experience and tools, we have developed a range of services that can be used independently or in unison with your business. The result is that we are able to deliver services that complement your policies and procedures, add value to your business and deliver a return on your investment.

TRAINING

We work with you to identify a solution for your specific training and safety needs and develop relevant courses to satisfy those needs while working in conjunction with your own internal processes. This means that we can deliver to you the training, resources and reporting you require and ensure effective implementation, improved performance and achievement of your key business goals.

INDUCTIONS AND ONBOARDING

From the development of customised inductions (online, on-site and classroom-style) to coordinating bookings and notifications, administering induction records, delivering induction modules and maintaining all induction materials, WorkSafe Connect can provide you with a range of solutions and services.

E-LEARNING

E-learning is the next evolution in the delivery of training. When balanced with face to face learning and blended delivery, e-learning can offer you a range of benefits including consistency, access, flexibility and cost efficiencies. With in house design and development capabilities, Worksafe Connect can assist you in implementing or adding to your e-learning capabilities quickly, efficiently and in a cost effective manner.

AFFILIATE PARTNERSHIPS

Becoming a WorkSafe Connect affiliate means your organisation gains the convenience and flexibility of delivering nationally accredited training, without the need for the investment in the resources and infrastructure required to establish and maintain an RTO. WorkSafe Connect provides all the benefits of being your own RTO without the associated administrative and compliance burdens, leaving you to focus on your core business.

ADVISORY

Working with you, we design, develop and implement strategies to ensure training, safety and compliance aspects of your business perform to your expectations. Our strength is in translating strategy into actions and results.

DEVELOPMENT

Having designed, delivered and evolved training related materials for over 10 years, this is at the core of what we do. Whether you are looking for an off the shelf solution or customised design, we are able to offer you the right platform and tools to ensure performance across your organisation.

TRAINER PLACEMENT

WorkSafe Connect's experienced team of contract trainer assessors enables us to deliver integrated human capital solutions for clients requiring multi-disciplined and experienced training personnel. Whether you are looking for short-term assistance or a longer term solution, speak to us about how we can drive successful outcomes through smart people solutions.

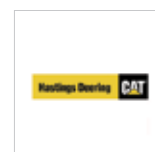

FUNDED TRAINING

WorkSafe Connect has offered funded training to individuals and employers for over 5 years. Whether it is a single course or sophisticated and custom designed training program, we have the experience, management skills and understanding to deliver a successful outcome.

VERIFICATION OF COMPETENCY

The WorkSafe Connect team has spent over two decades delivering training and VOC related services to our clients. We are able to offer VOC services either at our training facilities or onsite and work with our clients to deliver a flexible and cost effective solution to mitigating the responsibilities of the employer.

PROUDLY SUPPORTING THESE LEADING ORGANISATIONS

TRAINING

Onsite, offsite or online we work with you to identify a course or training program to meet your objectives and performance targets.

Working with clients throughout Australia and the Asia Pacific region, we are highly experienced across a range of industries, including Mining, Oil and Gas, Utilities, Construction, Manufacturing, Infrastructure, Agriculture, Defence, Government and Transport.

Complementing our onsite client specific training, we also offer weekly public training in short courses, high risk licences and qualifications and can deliver training face to face, through blended delivery or online. Our categories of training include:

- Height Safety
- Confined Space
- Mine Inductions and Safety
- Work Health and Safety
- Asbestos
- Construction
- RII Competencies - Resources and Infrastructure
- High Risk Work Licenses
- Qualifications

For over 15 years we have been designing and implementing safety and compliance related training services and our clients trust us to add value and deliver a return on their investment. Whether you are looking for an off the shelf solution or customised design, we are able to offer you the right platform and tools to ensure your training is a success.

With a strong team of award winning industry professionals, when you train with WorkSafe Connect, you're in safe hands.
