Advanced 2.5% Retinol Moisturizer

2 fl.oz. / 60 ml

A powerful cocktail of antioxidants combine with Retinol to diminish appearance of fine lines, wrinkles, and premature aging due to sun exposure. This results-oriented formulation replenishes and protects the skin's moisture barrier, while protecting skin against the abuse of the elements.

Directions for Use: Apply in a light circular motion to freshly cleansed and toned face, neck and décolleté areas (avoid direct contact with eyes). Moisturizer application should follow serum application, if used. Allow time to absorb prior to makeup application.
