

Your business communications don't have to be lame

Radically Simple Cloud

- Radvox delivers customized cloud solutions to enterprises and small businesses with the highest level of value, integrity, service, and support - radically changing your ability to communicate and compete in the market

100+ years of collective experience activating over 1M user seats, working with some of the largest organizations in the world. We leveraged our experiences to build an innovative suite of cloud offerings and features, allowing us to build custom solutions based on unique and changing customer needs.

What puts the rad in Radvox - Simplicity: **DESIGNER – THIS SECTION NEEDS TO STAND OUT AS THEY'RE HUGE SELLING POINTS.**

- No contracts
- No upfront costs or hidden fees
- Free installation
- Free lifetime training & support

Crazy Insane Disaster Proof Network (CIDPN):

The only way our network is going down is if a meteor shower simultaneously wipes out our 3 geographical redundant data centers. The statistical likelihood of that happening is virtually non-existent.

Make your business's communications not lame system phone system not lame with RADVoice: a radically simple way to communicate!

RADVOX's radical cloud solutions are setting the new standard for enterprise grade cloud: **DESIGNER – MAKE ICONS FOR EACH? This section is not the highlight of brochure.**

- RADVoice
- RADCallCenter
