

*Losing a loved one is never easy, but it can be especially difficult when the passing occurs at home. Remnants of bodily fluids can leave others exposed to hazardous conditions, if the situation is not properly dealt with.*

*Since 1999, our locally owned trauma cleanup company has specialized in biohazard restoration and remediation for families accross Florida-- all while providing the up most in care and compassion to the families we serve. Let our family handle the cleanup while your family handles more important matters of the heart.*
