

Product Engine

Tools for efficient business—brokers, lenders, aggregators

Auditable. Accountable. Assessment

Product Engine is a web based tool that enables a loan writer to quickly create auditable, accountable assessment of products for their home loan customer. Being web-based it can be used anywhere, anytime and delivers significant value by

- Enabling detailed and accurate customer specific product information
- True comparison of products to customer situation
- Reducing time to effectiveness for newer loan writers
- Reducing cost to provide product recommendations

Features

- Completely web-based
- Can be used with Internet Explorer, Firefox, Safari and Chrome and on either Windows or Mac
- Enables multiple simultaneous searches
- Powerful filters to narrow down products
- Unique Rules Engine to warn of potential policy issues such as LVR or Loan Amount
- Dynamic results with 'on the fly' changes to interest rates or fees based on Package Criteria being met
- Powerful modeling of repayment, term, total fees and interest
- Comprehensive product information including rates, fees, features, feature detail, key policy, lender commentary and acceptable income
- Strong Comparison capabilities enabling customer specific product comparisons
- Support for split loan or refinance scenarios
- 'Compliance Ready' recommendation workflow including 'reasons recommended'
- Clean, Simple and Detailed Print output for client or broker copy
- Industry first 'lender query' function enabling broker to directly query content (e.g. rate, fee or feature) with Pisces product team
- Updated daily by our product team
- Industry first 'lender login' enabling lenders to real-time audit their content driving data quality
- Includes free web based training session
- Fully supported by our friendly Sydney based support team from 8am – 7pm business days

Users can self register to a free demo account at www.product.piscesgroup.com.au or simply call 1300 135 970 or email support@piscesgroup.com.au

INNOVATION AND VALUE

Pisces Group of companies has more than 21 years of experience delivering technology based business solutions to Australia's leading firms. We understand that success is not just based on a smart strategy; but that it comes with a pragmatic focus on achievable results.

Our team of industry experts concentrate on accelerating your business goals and outcomes, offering a vendor-independent mix of business technology solutions customised to complement your key business processes. The result is a measurable contribution of innovation and new value across your organisation.

The Pisces Group solutions heritage includes complete and customised business transaction platforms, all the way through to building secure and flexible IT infrastructures. We can even run and manage your entire IT systems and services for you if required.
