

Dear Sir/Madam:

Welcome to the new vision of home building in Niagara. For too long, the building and development business has been saddled with a poor image. Cost overruns, missed deadlines, and poor workmanship has led to most consumers feeling uneasy on building a new home. Unfortunately, in most cases, this image is warranted.

When we started The Centennial Group in 1992, we vowed do our utmost to dispel the industry of this negative rap. We wanted to make honesty, solid workmanship, and above all, excellent service our hallmarks.

Quite often, the language used by builders to describe their homes can be difficult for consumers to understand. At Centennial Homes, we value the opportunity to sit down with each and every client to explain any confusion terminology, as well as absorb as much input as we can from you, the purchaser. Furthermore, this ensures that there are no misconceptions or misunderstandings that exist between us and our clients before executing any contract. We go to great lengths to maintain our hallmarks and to ensure that we have nothing but satisfied customers.

There couldn't be a better time to build a new home in the Niagara Region. Industries are booming, and the beautiful landscape this region has to offer has led to new citizens flocking down here in recent years. From the wineries and restaurants to the picturesque views and kind neighbors, the region of Niagara has become a desirable spot for families of all types.

The time is now to make your dreams a reality. We look forward to the opportunity to build your dream home in the near future, and if you have any questions, please do not hesitate to ask myself, or a member of my staff.

Yours truly,

Domenic DiLalla
Founder and President

Corporate Profile

At Centennial Homes (Niagara), we believe that there is only way to build a new home; with pride in one's craft and superior workmanship. The fact is; however, quality construction can be hard to find. Our staff at Centennial Homes is committed to changing that. From starter homes to dreamy custom builds, we construct each as if it were our own.

We use only superior materials and employ first rate and dedicated trades to ensure that each house is given the utmost priority when it comes to quality. We take such care because we want to be proud of each home we build...just as proud as you will be living in it.

Beginning in 1992, and stretching over 2 family generations, the Centennial Group has left a quality product in nearly every corner of the Niagara Region. From our early work in Niagara Falls, to our recent masterpieces in St. David's, the results speak from themselves. Over the next few years, our endeavors will lead us into cities such as Niagara Falls, Welland, St. Catharines, and even Collingwood, Ontario. It is in these places where we will be pushing to create a "new age" of home building in the region.

Building luxury homes has been a passion that this family has maintained for decades. You're encouraged to visit our website www.centennialhomesniagara.com for more information regarding all of our current and future developments. It is here that you will find a wide range of elevations and floor plans that we're constantly updating to ensure that each prospective client can find something that meets their tastes and needs.
