“My experience with Good Guys was nothing but pure professional. They replaced our roof. We had some damage from a storm and they worked with our insurance adjuster to make sure that everything was taken care of. The work was done quickly and our roof turned out great. We never felt pressure to be up sold on items that we maybe didn't need. I would recommend Good Guys to anyone that is needing to get their roof done along with anyother General Contracting needs.”

- Ricky T. Mansfield, TX

“I am a very skeptical person when it comes to general contracting and particularly roofing. Good Guys put the roof on my mother-in-laws house after the last bad hail storm we had. Joe was at the work site about 90% of the time making sure he was available to not only the crew, but to my mother-in-law as well. He worked well with insurance adjuster and made sure all the paperwork was in order for the insurance company AND the bank. You just don't see service like that often. He went on to do my neighbors house as well. Both jobs were done professionally and looked amazing. As long as Good Guys is in business, I will continue to refer and use them.”

“After the initial hail storm in Plano, I asked my Farmers agent if they had any roof referrals. I was given Joe's number with Good Guys. From the inital meeting, Joe was very professional and gave me brochures of the different roof options that I had. The job was completed in a timely manner, and we always had open communion with all issues at hand. I would highly recommend Good Guys General Contractors, Inc for your roofing needs. I had a great experience.”
