After the initial hail storm in Plano, I asked my Farmers agent if they had any roof referrals. I was given Joe's number with Good Guys General Contractors, Inc. From the initial meeting, Joe was very professional and gave me brochures of the different roof options that I had. The job was completed in a timely manner, and we always had open communication with all issues at hand. I would highly recommend Good Guys General Contractors, Inc for your roofing needs. I had a great experience. - **Susanna L**

Joe was very informative and very easy to work with. Joe scheduled a consultation with me and provided roof options for me to review. He was very friendly and very comfortable to work with. I appreciate his honesty and expertise in helping me choose the right option(s) for my roof. Consultation and agreement signed on one day; work started on time with no interruptions or issues. Joe worked with my insurance company to fix other items they were affected by hail damage. I highly recommend Good Guys because you will get quality, stress free service, fast service and a personable experience. Joe is definitely a Good Guy! - **LaSandra M.**

WHAT YOUR NEIGHBORS ARE SAYING...

I am very happy with the level of service Good Guys provided. Joe, the owner, is very knowledgeable about the insurance process. He personally inspected my roof after the hailstorm, and we filed a claim later that day. He also met the insurance adjusters at my house, and worked with them side by side to make sure the insurance estimate paid for everything. The roof looks great, and was installed in two days. They cleaned my yard in between work days, and after they were done. Good Guys also installed and painted a brand new garage door, and they upgraded my gutters. Joe also helped me negotiate a higher settlement with the insurance company. I would highly recommend Good Guys to anyone in the market for a new roof. **Vicki K**

The guys were on time and very professional. The owner Joe was great help in the claims process since this was a first for me. Even helped identify damage to my gutters that the adjuster missed. Highly recommended. - **Natascha R**
