

Requested Changes to help finalize Business Card

FOR ALL DESIGNS:

- Make sure you are using our brand FONTS listed in the project brief
- Make sure you are using our brand COLORS listed in the project brief
- (Back of card) Move both addresses below the Instagram line
- (Front of card) Flip flop the two text lines - place "San Diego..." 1st and "Buyers..." 2nd.
- Regarding my pictures (Color & BW versions) – please ensure the “whites of eyes & teeth” are whitened. I am seeking a crisp look. Example: The existing BW (shirt picture) is good.
