## How ONE TXT WORKS

It's simple to set up! (4 Easy Steps)

You only need a PC with an internet connection to manage databases consisting of all names and numbers.

Its easy to send messages anywhere:

1. Click on link and enter you log in and PIN #.
2. Type your message
3. Select your contacts
4. Hit Send

ONE TXT delivers you message instantly  
with one text

## ONE TXT Features:

- No software or phone lines needed
- Easy foolproof to use
- Unlimited texting and emailing
- Easily manage your contacts
- Create Subgroups
- Send thousands of messages instantly
- Schedule Delivery - send now or later
- Multi Users
- Help and support 24/7

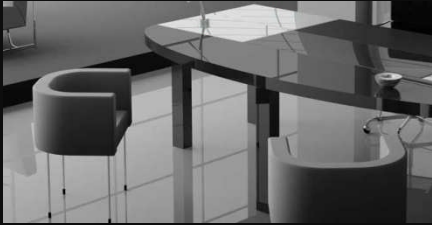

## SMS Text Messaging Feature

One TXT uses a special version of SMS text messaging that allow us to send the same text to thousands of cell phones instantly. These blast messages are sent from a set of secure servers in redundant locations to assure your messages get through. Your members can choose to opt in or out-out at anytime and be put on the (Do not call list)

## Contact Manager Feature

One TXT supplies you with a contact manager feature that allows you to add, change, and delete members information at anytime. This feature will allow you to have SUBGROUPS, so you can send to specific groups such as youth, choir, coaches, teachers, and parents, etc. (All information is private and will NEVER be distributed.)

## Multi User Feature

Multi user feature allows you to assign different messengers for specific groups. For example, youth pastor, as a messenger for the youth group. Members can also log in and update their own family's information safely and securely anytime.

# Instant Communication

ONE TXT has the capacity to send ten of thousands of TEXT messages instantly. The SMS system used by most carriers allows each cell tower to deliver more short text messages per minute. This feature makes SMS a good choice for use during regional emergencies.

ONE TXT system uses true SMS messaging protocols, carrier gateways, licensed carrier contracts, and service level agreements to assure every technical text messaging element between you and your recipient is working and available round the clock.

We are committed to advancing the communication barrier with ONE TXT.
