

Is your practice technology  
HIPAA & HITECH compliant?

# THE RIGHT MEDICAL IT COMPANY IT'S NOT JUST A DREAM

## We make the right IT company your reality.

You know the one. You've been dreaming of it. Or used to have it. Reliable. Available. Knows their stuff inside and out and how to tell you all about it so you easily understand.

At Keep IT Simple, we are experts who have hired experts, so you get an IT guy who's capable, precise, thorough and knows that communicating with our clients is as important as connecting the right wires.

We know you need superior IT service to keep up with the intense and high-volume workload of a successful practice. With Keep IT Simple, you get simple technology systems to keep your office working efficiently with precision.

We work with over 250 medical practices in Alabama. We provide service and support, along with selling equipment and software, in order to create complete IT solutions. Our affordable pricing, excellent service, support, and knowledge keep our clients coming back.

IF YOU'VE DREAMED OF THE RIGHT IT COMPANY, CALL US.
