## ABOUT US

For over 21 years our highly qualified team of friendly and bilingual IT professionals has provided business clients with customer-appropriate, reliable, responsive and cost-efficient Managed IT Services.

Whether Cloud, Premise or a combination of both, we manage our client's IT infrastructure and industry-specific solutions with a focus on security, up-time and continuity.

We offer IT support for a fixed monthly fee, including Vendor Management and on-site service as needed at no additional cost\*.

While you run your business, we guarantee the IT functionality, availability and security you expect.

For a list of professional services offered and technologies supported please visit us at [www.digitalio.com](http://www.digitalio.com)

Call us today for a no cost, no obligation review!
