## Meet Our Speaker

**Todd Cornwall**, presents Daniel and Revelation with simple wisdom, understanding and vivid illustrations that all ages can comprehend. He believes by knowing the events outlined in God's word, will prepare people to stand in the last days, and help them avoid the pitfalls that Satan has laid for mankind. Prophecy lets us know where we came from and where we are going. So come out and hear God's final message to the last generation.

*We invite you to bring the whole family and discover how Bible prophecy is relevant to our times.*
