Last 5 years apart from knowledge & experience have also given us continuity in relationship with the customers, thereby increasing the customer confidence in us.

We are partners with :

Servers, PCs & Portables

Software & Storage

Network & Security

Data & Voice Partners

A few of our Prestigious Customers :

## VISIONTECH SYSTEMS LLC – Systems Integration

Visiontech Systems specializes in IT and Network Support and installing business computer networks across UAE, Middle East and Africa. The best brands are not chosen to sell the technology but brands are chosen by us based on the QOS, support and redundancy that one can provide whether it's a ready to use or made to order solution. Whether it is a hardware, a software or an outsourced resource.

Does your company look for competency in a vendor rather than just a supplier ? Would you prefer a vendor providing you with the right solutions rather than just a box to act on your immediate requirements. At Visiontech we understand what a customer must be looking for what kind of a service to make it work and to have the best performance. We are partners with IBM, DELL, HP, EMC, Tandberg, INTEL, KINGSTON and many more.

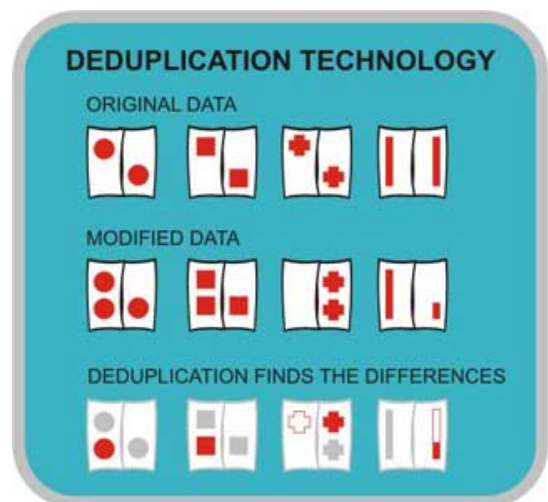

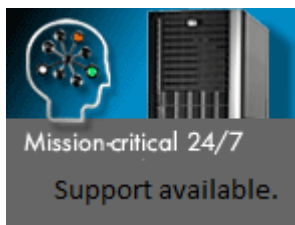

### Elements in INTEGRATION:

System integration is at times understood to be a very small word related to mere box moving from one partner to the end customer. What we look at it is providing the right solution to cater to future needs of every client based on their preference, their need and their convenience.

- *Servers and clusters of IBM, HP, DELL, ACER*
- *Systems and Laptops of HP, DELL, IBM, Toshiba, SONY, ACER*
- *Storage solutions from EMC, Tandberg, Overland, WD, Seagate*
- *Assembled Units for Industrial, remote sites and graphical requirements.*
- *Projectors and Video Conferencing by EPSON, Polycom, SONY, Hitachi*
- *Printers, Plotters, High end printing solutions, Scanners.*
- *UPS and Power Surge solutions from APC, Belkin, Tripplite, MGE*
