

Experience lifelike wide coverage

Bose® Virtually Invisible™ Speakers For Indoor and Outdoor

You can enjoy great features with these speakers. Streaming music over your Wi-Fi® network. With an optional SoundTouch™ SA-5 amplifier, you can discover and enjoy music more effortlessly than ever before. Wirelessly stream 20,000 Internet radio stations from around the world, songs and playlists from a personal music library, and popular music services like Deezer™ and Spotify®. It's all available via your home Wi-Fi® network. The system also works with other SoundTouch® systems to create a multi-room listening experience. In party mode, these systems work together as one to play music everywhere. Stream different music in different rooms, play the same music in every room or create customised zones.

Virtually Invisible™ 59I in-ceiling speaker

environmental speaker system

These round Virtually Invisible in-ceiling speaker are engineered with one 12.7 cm woofer and two strategically positioned 1.9 cm tweeters, eliminating the need to aim the speakers into the room. The acoustic design allows for full, even sound coverage, while their smaller size increases

placement options. Exclusive Bose® Stereo Everywhere® speaker performance provides balanced stereo sound over a wider area, with no drop-offs. The ultra slim bezel is attached directly to the speaker grille, allowing them to be easily painted in one simple step and blend elegantly into the room. And with no cloth scrim, there's no worry of excess paint clumping or soaking in. Plus, magnets allow them to snap on and off quickly. Installation is quick and easy with standard dogleg clamps.

Key Features

- This quality Bose in-ceiling speaker has one 12.7 cm woofer and two strategically positioned\ 1.9 cm tweeters
- High-quality, full-range performance that most other installed speakers can't match
- Exclusive Stereo Everywhere® speaker performance covers the room with balanced stereo sound—no drop-offs
- A near-bezel-less construction blends elegantly into the room's design; easily paintable grilles
- Standard dogleg clamps and magnetically attached grilles make installation fast and easy

Specifications

- **Speaker:** 20.60 cm H x 10.40 cm D
- **Weight:** 1.40 kg
