

Organic Raw, Cold Pressed Ginger Non-GMO Vegan Gluten-Free Caffeine-Free

Taste the invigorating flavors packed in each bottle of Cape Cod Ginger

Sparkling, Raw and Organic, made with 100% freshly pressed ginger in every bottle, you get only natural, organic ingredients so that you put the best of nature's bounty into your body.

What goes into Cape Cod Ginger?

STEP 1 - Gather Nature's Best Ingredients

When we call Cape Cod Ginger "organic" we really mean it. Our fresh, wild ginger comes from only the best sources on Earth. These beautiful plants are then carefully picked, packed and transported to our facilities in Cape Cod Massachusetts.

STEP 2 - Create Something Totally New

We've been in the organic foods business for more than 30 years. The formula for Cape Cod Ginger: Sparkling, Raw & Organic began as family tradition and was perfected over time. You won't find refreshing and original tastes like this in any other sparkling beverage out there, guaranteed.

STEP 3 - Add Natural, Organic Flavors

Each bottle of Cape Cod Ginger contains all natural ingredients. Each unique and distinct flavor comes from organic extracts, infused into our original ginger drink - mango, passion fruit, pomegranate, strawberry and pineapple.

STEP 4 - Refresh Yourself

Cape Cod Ginger packs powerful flavor with healthy ingredients. When you take that first sip, the refreshing, crisp taste of fresh pressed ginger washes over you. You will feel renewed and ready to do just about anything. That's the power of CCG.
