Why FormCompany.eu?

- The only system in the Czech Republic enabling the complex formation of new companies online through the Internet, without complicated administration and running around state authorities.
- Free of charge handling with the payment of statutory registration fees only. Save 60-80% of costs in comparison with the formation of companies through a law firm or the purchase of a ready-made (shelf) company.
- Short registration process, all documentation is generated automatically online and the registration is completed in short periods (usually 3-5 business days).
- Simple and user-friendly online registration form enabling tailor-made company formation for each user.
- Free-of-charge online formation of limited liability company (s.r.o.), trade license (ZL) and joint-stock company (a.s.). Possibility of another company forms through individual formation process.
- Professional legal support during the whole course of the company registration and 100% guarantee of registration in the Company Register.
