

Our CEO

René Jaunik is the founder and CEO of JRAPP e.U. serving over 350 unique users monthly.

Prior to founding JRAPP e.U. in 2013, René held senior technical lead positions in UPPER Network GmbH. He is a graduate of the Higher Technical College (Höhere Technische Lehranstalt) which is an engineering-focused school where he developed his first technical skills.

"I believe the keys of successful business includes - building trust, capability or skills, creativity and yet needs strength and patience to overcome changes and continue to produce.

These are our Core Values which reinforce the commitment –

Integrity, Focus on Value Creation, Accountability, Simplicity, Flexibility and Passion.

I love challenges and working with people to find creative solutions.
And I hope to find a solution for everyone."

JRAPP e.U.

C.E.O. Ing. René Jaunik
