

LEARN TECHNOLOGY

**Does your
child love
technology?**

Would you like them to learn how to:

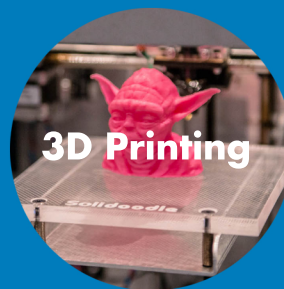

- build their own robot and make it dance
- create exciting animations
- design their own game
- make a 3D-printed object
- code in a professional language

Robotics

**Game Design
& Coding**

3D Printing

Animation

We offer Vacation Workshops, which will teach your children amazing technology skills! The students will build their own projects and will be creative!

Suitable for students in Year 3 to Year 10.

Locations: Killarney Heights and Forestville Public Schools.

BOOK: 1800 940 955
