Hours and Galas. Non-Profit Events.

VETTDECK

VettDeck was founded to create mutually-beneficial connections between marketers, event planners, and sponsors. Having worked in all three roles (and then some), our experts realized a series of issues experienced when cultivating event partnerships. We consequently created a way to alleviate them via a vetting process that ensures a smooth, streamlined experience for our clients—whether they are event producers, sponsoring brands or marketers searching for both.

Planning an *Event*? Here's What We Can Do for You:

Deck Services:

CHECK YOUR DECK (or DECK DEVELOPMENT)- The event concept is developed, and your deck is created, but who should you send it to, and how much should you ask for? Our experts will review your deck with the eye of a sponsor and provide suggested edits based on your budget goals. Once all changes are approved, your deck will be verified and will receive priority treatment from sponsors.

REP YOUR DECK (OR DECK DISTRIBUTION)- You've crossed your Ts, dotted every I and created compelling content to attract sponsors, but you need to get your deck in front responsive eyes. Submit it "as is" and we'll add it to the calendar our contacts check when they're looking for events to sponsor.

Looking for Activations to Foster Brand Awareness? Our Brand Partners Love Us Because:

- *We streamline the process of finding event partners. We only send events that fit your target demographic and brand profile.
- * We simplify the deck review process for you. Scouring numerous decks in search of a great match is time-consuming. We Vett every Deck before it reaches your desk, weed out the ones that aren't a fit and compile the most important details of the ones you should see. Just like that, you have more time to work on other tasks.
- *We're negotiation experts. Years of entrepreneurial, sales and marketing experience have prepared us to negotiate rates and asks that ensure satisfaction on all sides while maintaining the ultimate level of execution.
- * We know events from every angle. We've thrown thousands of events, and we're committed to creating partnerships that work well for everyone.
