Over 30 Years Flying in Australia

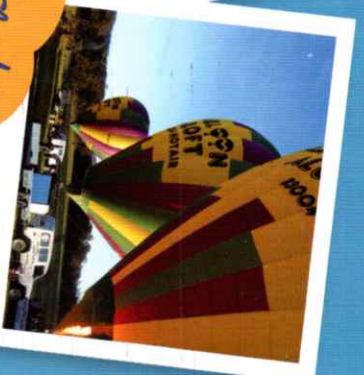

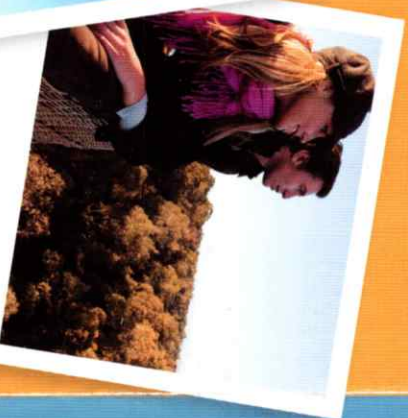

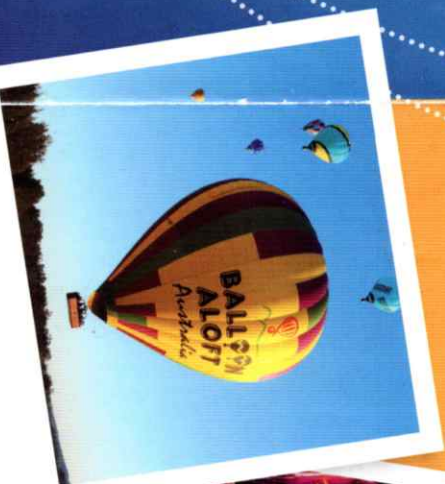

In 1980 Balloon Aloft offered the very first passenger balloon flights in Australia and over thirty years later we remain the market leader, delivering the highest quality balloon flights and service. With unparalleled experience, your comfort and safety are assured.

Flexible Flight Locations

Balloon Aloft sunrise flights depart daily from some of Australia's most spectacular locations including the Hunter Valley, Camden, Canberra and the Gold Coast. In addition to this, we also offer scheduled flights from regional locations including Mudgee, Tamworth and the Hawkesbury. Balloon Aloft vouchers can be transferred between locations offering you the greatest options and flexibility.

Award Winning Service

Balloon Aloft is the proud winner of several NSW Tourism Awards for Adventure Tourism as well as numerous other Tourism and People's Choice awards. When it comes to service, Balloon Aloft aims for the sky!

*Our Flight
Locations*

Sydney, Camden Valley

Sunrise Camden Valley balloon rides take place daily over the beautiful & historic Macarthur region, a hidden gem just 50 minutes from Sydney's CBD. Located in Sydney's Macarthur region, the picturesque landscape, views of the Blue Mountains and city skyline make the Camden Valley area an ideal balloon flight location. After your flight join your pilot for a Champagne breakfast at a locally selected restaurant.

Sydney, Hawkesbury Valley

The Hawkesbury is one of New South Wales' best kept secrets, and only one hour north-west of Sydney's CBD. Our balloon flight location is nestled against the foothills of the Blue Mountains. During your one hour flight you'll get to take in Hawkesbury's historic townships whilst viewing vistas of the Blue Mountains and the Nepean River. After your flight join your pilot for a Champagne breakfast at a locally selected restaurant.

Hunter Valley, Pokolbin

The Hunter Valley is Australia's premier wine region located 2 hours north of Sydney. Flights take in views of the world famous vineyards, farmland and mountain ranges of the Hunter Valley.
