

LATEST CHANGE REQUESTS (20-09-2018)

KALLIOJÄRVI
GORGE LAKE
ARCTIC RESORT

Forest height is good now

End of lake should be as visible as in the logo below

SCENERY (BOTH LOGOS):

- I liked one of your earlier design that under the mountain you had some white space showing the lake extending to that direction.
- **Please change the current design on end of the lake part to correspond to the earlier design (see pictures on this page!).**
- Please note that on left hand side forest height is good in new proposal. No need to change height of the forest.
- Same applies to both of logos (white main color and black main color logo)

KALLIOJÄRVI
GORGE LAKE
ARCTIC RESORT

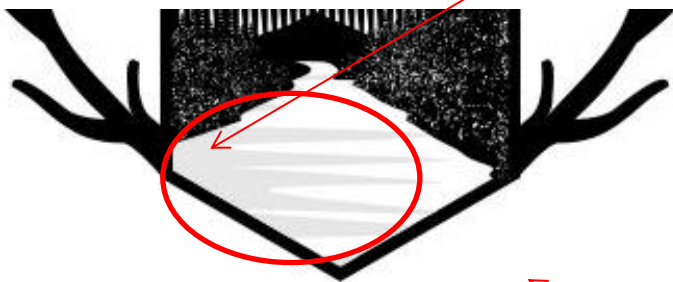

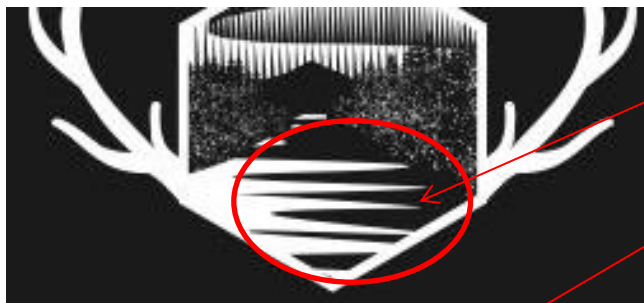

Your earlier design

LATEST CHANGE REQUESTS (20-09-2018)

LAKE COLOR IN WHITE LOGO TOO DARK:

- Black coloured lake part makes this logo too dark.
- **Please change the black to grey or light grey on this part of the lake (not the whole lake!).**
- For example to the same color as in black coloured logo

Your current black main color design
