

-logo with go with harmony needs to be adjusted to Harmony Lights - as you see example above but needs to be done more professionally...

-text "Harmony Lights " can be in any font and position

-colors of bee can be changed to match the design colors/style

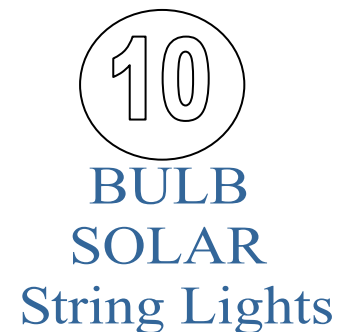

and bee can be few colors or just one color as needed

-10 Bulb Solar light string icon can be used on front to clearly

indicate # of bulbs - it will be 10 or 16

-also other icons such as charges during the day

works at night, green energy can be used as example below

**text to be included on sides of the box (barcode will be added as well, will supply at the end... ):**

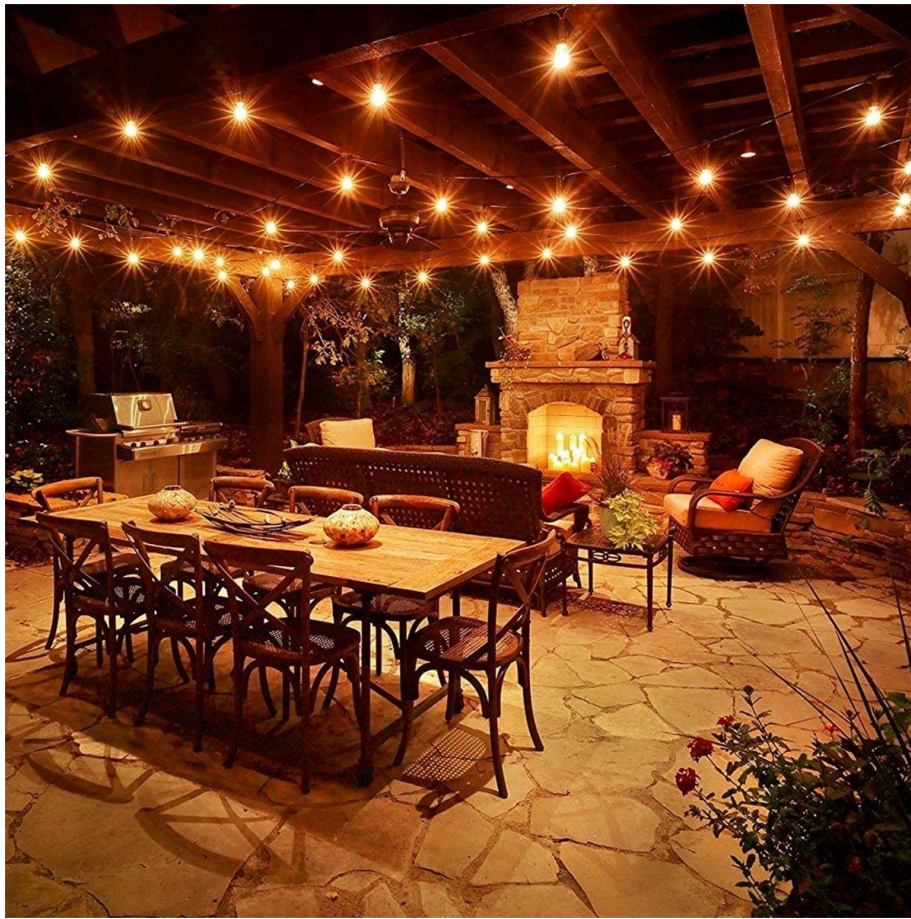

- 10 LED warm white light bulb string ( or 16 for other product )
- Waterproof connector for easy installation
- Total length 29.5 ft / Lighted length 19.7 ft ( need to get this info for 16 bulb product )
- Creates pleasant ambient light perfect for Backyard, Patio, Party, Restaurant Wedding or other scenes
- Safe and Convenient: Solar Powered, no need to worry about the socket location, can be used everywhere

- How the Solar Light work:  
The solar light has a solar panel that converts sunlight into electricity which is stored during the day in the rechargeable batteries. At night, the solar light uses stored energy to light up. The operating time depends on the geographical location, season and daily weather condition.
- Where to place solar panel:  
For maximum effectiveness place the solar panel in the location with full, direct sunlight.
- How To Install Solar Pane  
Earth Spike: simply insert the ground stake (included ) into the ground until it is firmly in place.  
Wall Mount: simply mount the solar panel onto the wall with two screws (included ) and adjust the angle of solar panel for maximum sun exposure.

packaging, sorry that was the only photo I could get... online

Examples of photos we like - only as guidance - do not use please as they most probably are copyrighted  
We will supply our photos -that can be enhanced by photoshop... and also photo similar to ones below -  
you can recreate - if you have access to similar photos on any of websites..... - as this really only shows  
the mood of the room - not as much type of light...

this is also nice simple photo but product is different...
