WARNING: Contains zinc which may be dangerous if taken in large amounts or for a long period. If symptoms persist consult your healthcare practitioner. This product contains selenium which is toxic in high doses. A daily dose of 150 micrograms for adults of selenium from dietary supplements should not be exceeded. Do not take while on warfarin therapy without medical advice. Vitamins and minerals can only be of assistance if the dietary vitamin intake is inadequate.

Fertiex[®]

MALE FERTILITY SUPPORT

Fertiex is a herbal and nutritional complex designed to support the health and function of the male reproductive system

Film coated tablets

AUST L 293505

Livestrong Nutrition Fertiex Male Formula has been specifically formulated with nutrients to balance and support normal physiology and function.

Fertiex contains Zinc, which supports healthy testosterone levels in men and is necessary for the formation and maturation of spermatozoa. It also contains selenium, which supports the health and function of the male reproductive system and normal sperm motility in healthy men. With antioxidants such as Vitamin C, Vitamin E, Lycopene and CoQ10 that may assist in reducing the risk of cellular damage from free radicals. Fertiex also contains a variety of traditional herbal medicines such as Horny Goat Weed, which is used in Traditional Chinese Medicine in males to assist with kidney yang deficiency and support male fertility and Panax ginseng, traditionally used in Herbal Medicine to help support physical capacity/performance (in cases of physical stress) and Tribulus terrestris which is traditionally used in Ayurvedic medicine as an aphrodisiac, to increase libido in men.

Directions for use:

Adults, take 1 tablet twice daily, with meals, or as directed by your healthcare professional.
