Remove comma

Livestrong's Hair Essential formula is a part of our Fertiex range. It has been specifically formulated with nutrients to support healthy hair. Hair Essential contains Zinc which is involved in DNA, RNA and protein synthesis maintaining the structure and integrity of cell membranes. This formula also contains Vitamin C which is a potent antioxidant that can reduce the risk of cellular damage from free radicals. It also contains Selenium which assists in protecting cells and tissues from free radical damage. This formula also contains the Coenzyme Q10, which is a fat-soluble antioxidant that helps to stabilise cell membranes and preserve cellular integrity and function.

**Directions for use:**

Adults, take 1 tablet twice daily, with meals, or as directed by your health care professional.
