

FINISHING THE GREAT COMMISSION

Before Jesus ascended into heaven, He commanded his apostles, “Go and make disciples of all nations.” For more than 2000 years the church has been working to fulfill this “Great Commission,” and much has been accomplished. But now, for the first time in history, our generation has the real opportunity to *finish the Great Commission in our lifetimes*.

IT'S ABOUT NATIONS

In the Bible, the word “nations” refers to *people groups*: groups of people who share a common ethnicity, culture, and language.

So when Jesus said, “Go and make disciples if all nations,” He was telling us to take the gospel to every people group on earth.

Amazingly, there are about 12,000 of these people groups scattered throughout the world. And the Great Commission commands us to make disciples in every one of them.

WHERE DO WE STAND?

Today, there are still *about 500 people groups who have never heard the gospel*. Most of these groups are small and located in remote, difficult places. These remaining “unengaged” people groups have *no known believers*.

But now that we know who and where these groups are, by God’s grace it is possible that we can engage every one of them with the gospel within the next 3 years.

In other words, we can finish the Great Commission!

HASTENING HIS COMING

The Bible says that believers “ought to live holy and godly lives, looking for and *hastening the coming of the day of God*.” It also says that day will not come until the gospel has been preached to “all nations.” So how can hasten the day of his coming? By finishing the work he gave us to do: making disciples in all nations.

You can make that happen.

Partner with the Finishing Fund and finance the missionaries who are taking the gospel for the first time to those last remaining people groups. Your investment will “hasten the coming of the day of God” by accelerating the effort to make “disciples in every nation.” In 2018, our partners helped take the gospel to 231 people groups in 35 countries.

Join us as we invest to make disciples in “all nations” by 2022.
