WHAT PEOPLE ARE SAYING...

“From the moment I attended an information evening organised by STA Travel, I knew we were with the right people. I gave them an outline of the trip I wanted to take, the standards I wanted to cover, and they built me a trip around it all. The communication was the best I have ever had from any school trip I have undertaken. The care of the details and the small things was amazing. I would highly recommend booking your school trip through STA Travel.

Christine McKnight, Specialist Classroom Teacher, One Tree Hill College

“I have to say that this year's Europe Tour was our best yet, all the more so because of the way in which we overcame last-minute difficulties with Istanbul. It seemed almost impossible that you might be able to re-route a group of 30 just 10 days before departure, but against the odds you managed to do so without having to cut into our 3 week itinerary at all. I'm glad we chose STA Travel and would be delighted to work with them again when we plan our next tour.

David Parr, Head of E-Learning, Kings College

Fiji

FJI

The stunning Yasawa Islands group consists of a chain of 20 ancient volcanic islands. With pristine beaches, dramatic cliffs and crystal clear lagoons, they're the ideal place in which to relax and get off the map.

Here are some of our favourite Island Escapes, where you can truly unwind with two, four or six-night one-island packages (and, of course, add on extra nights should you wish to extend your stay in paradise!).

BOUNTY ISLAND RESORT

Located just 35 minutes from Port Denarau, with 48 acres of dorms and bures, forest and gardens, this resort is zen heaven. Aside from the white sandy beach, there's plenty to keep you busy, with a freshwater pool, a bar, a restaurant, and a marine reserve perfect for snorkelling.

BONUS

Free Wi-Fi and snorkelling gear. Stay four nights or more and receive a free sulu and welcome fruit platter

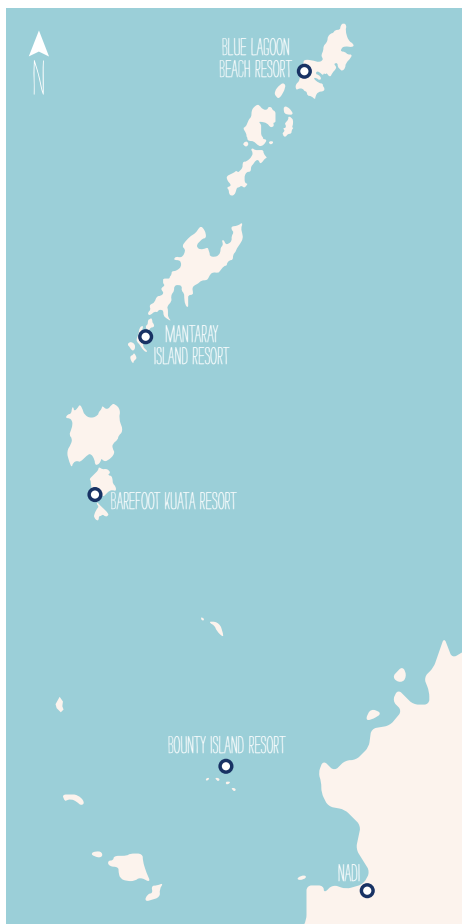

BAREFOOT KUATA RESORT

Barefoot Kuata Resort is nestled in one of the nicest locations in the Yasawas with a beautiful beach, huge honeycomb rock formations and great views. The friendly hospitality, superb location and great variety of activities, including diving and snorkelling, make for a fab holiday experience.

BONUS

Free Wi-Fi and snorkelling gear. Stay four nights or more and receive a free 15-minute intro dive

MANTARAY ISLAND RESORT

Tucked into a sheltered bay on Nanuya Balavu Island, this resort is perched right across a sparkling channel of water from scenic Drawaqa. Mantas cruise through here from May to October – the perfect snorkelling spot! Choose from dorms or bures, and there's a bar and restaurant to boot.

BONUS Book four nights or more and receive a free swim with manta rays or sunset tube cruise (select room types only)

BLUE LAGOON BEACH RESORT

The island of Nacula is the definition of paradise – palm trees, coral reefs and plenty of sun. And it doesn't end there! Accommodation options range from award-winning dorms and Bula Lodge Rooms to upmarket garden and beachfront villas. A major highlight here is the tasty restaurant-come-bar.

BONUS Book four nights or more and receive free snorkel gear hire (for select room types only)

VOLUNTEERING EXPERIENCES IN FIJI

Vinaka Fiji gives you the opportunity to combine your holiday with a way to give back to Fiji's Yasawa Islanders. Run by the Vinaka Fiji Yasawa Trust Foundation, these volunteering experiences help locals achieve access to life's basic needs, including water, power, education and health care, as well as focusing on marine conservation.

CHILDREN, SCHOOLS & EDUCATION

Dive straight into island life with this hands-on project, helping out at under-resourced and under-staffed schools. You'll work closely with kids aged 3-13 develop their education and sporting abilities through lessons, workshops and extra-curricular activities.

SUSTAINABLE COMMUNITIES IN FIJI

Help improve local living conditions, nutrition and access to drinking water at this project. Roll up your sleeves and get involved with everything from constructing water wells to assisting with agricultural initiatives, against the backdrop of the picturesque Yasawas.

FIJI MARINE RESEARCH & CONSERVATION

The Yasawa Islands are an idyllic backdrop to a vital marine research and conservation project. You'll work with a local dive company, snorkelling and diving to gather important research on food gathering areas and coral reefs. You'll also get to monitor mantas during season.
