HEEL KICK!

AKA: HEEL KICK!: Unprofessional Wrestling

Tagline: Two backyard wrestlers decide to go pro. Unfortunately for them...they suck.

Synopsis:

This 'documentary' chronicles the trials of wannabe pro-wrestlers, Reggie (Danny Mac) and Maurice (Chris Wilcox). Despite lacking any trace of athleticism, intelligence or drive, these backyard grapplers are certain they'll become the next big thing in the business—that is until Reggie's brother (Matthew Graham) challenges them to finally join a wrestling school and see if they have what it takes.

They'll find no sympathy from their trainers at the ECCW, and even less from Roger (Cooper Bibaud), the jaded filmmaker hired to document their journey.

For the first time in their lives, Reggie and Maurice are actually going for their dream...but can they handle the gut-busting, side-splitting pain along the way?
