

Shore to Shore Lashes

YUMI™ Lashes by Tien Angus

Shore to Shore Lashes is thrilled to announce that the famous YUMI™ Lash Lift Experience will be at Complete Wellness, in Warton

Thank you Complete Wellness for letting me bring YUMI™ Lashes to your location! To show appreciation to Complete Wellness, all Complete Wellness clients receives a \$30 discount on a YUMI™ Lash Lift & Tint until May 31st. Just be sure to tell me you are a client.

YUMI™ Lashes is the advanced tech to lift, boost and tiny your natural eyelashes resulting in thick, dark lashes that beautifully curve in a painless, safe and non-invasive way without eyelash extension.

The procedure will lift your natural lashes, separate each individual eyelashes then filled them with pigment. At the completion of your eyelash experience, your eyelashes will be drenched with nourishing oil then coated with YUMI™ Keratin Mascara, which add nutrients, vitamins and strengthen your eyelashes. The very relaxing eyelash lifting experience takes approximately 60-90 mins. It is low maintenance and requires very little upkeep.

A patch test is strongly recommended and is an excellent opportunity for a brief consultation.
