

HIGH PRESSURE CLEANING SERVICES

Whether you need to clean your existing premises or even remove graffiti, our commercial cleaning solutions go above and beyond when it comes to restoring your premises.

We have extensive experience and work closely with Councils, Recreational Parks, Real Estate Agents, The Department of Human Services, High profile retail shops and more.

If you require specialty cleaning - just as - we're up for a challenge because we only use the best equipment and products.

Our professional Sapphire 888 Truckmount unit, is one of the most powerful slide-in on the market. This unit has more heat, more vacuum power and more pressure for a superior clean! Triple-source heat and a high-pressure solution pump makes it perfect for hard surface cleaning using higher pressure which is ideal for both large commercial and residential jobs.

The 888 Truckmount has the Ability to steam clean at higher temperatures thus provides quality results & higher sanitisation rates than normal portable steam or pressure cleaners.

What we specialise in:

- Pressure clean driveways and seals
- Tile and grout clean
- Commercial and residential carpet/upholstery cleaning
- Gutter cleaning
- Fire and flood restoration capability
- End of lease cleaning - no power required
- Whole house package solutions available to include gutter, tiles, carpets, upholstery, driveways and external walls etc.
- Graffiti removal to a lesser extent
- ICRC Accredited Technicians
