

This package includes:

- 1 Potti
- 1 user manual
- 1 pack of bio filter
- 1 pack of physical filter
- 2 packs of seed with growing media

Potti is carefully crafted and produced for "School of Planet" - an innovative STEM education program co-created by SuperFarm Hong Kong and The Hong Kong Institute of Education. Supported by IVE (Shatin), aiming to inspire students of different grades.

Proudly supported by
 黃巴士
Yellow Bus
