Stay safe & kosher with us.

Secure your take-out meal and promote your business with custom-printed tape from Kosher Tape Plus.

Does your company use a delivery service such as Uber Eats or Postmates? Take-out meals can go on quite the journey before arriving in your customer's hands -- and unsecured containers can easily be tampered with. This means just about **anything** can happen.

This is why securing your take-out with tape is so important.

Our tape is custom-printed with your company's logo and information so you can secure your food and promote your business at the same time. Custom-printed tape gives your customer peace of mind and leaves a lasting impression.

Make an impression on your customers, order custom tape today!

KTP KOSHER TAPE PLUS

SECURE YOUR PRODUCT. PROMOTE YOUR BUSINESS.

This was last years concept.
we are looking for a new design. We are going to have a 10'(wide)x8'(high) banner.
No need for retractable stands.
The main focus should be large rolls of tape, but they could be stacked.
Secondary is:
Custom printed stickers
Hologram security stickers
Chometz Tape and Stickers

You're on a roll with us!

We can supply any of these graphics, once I know the layout.

Kosher Tape Plus is your premier supplier for all your custom printed tape needs. We focus on detail, offer great prices, and the best customer service you will ever experience!

We recommend both polypropylene and PVC tape for most kashrus tape needs.

Polypropylene Tape

Our best-selling tape is our custom-printed polypropylene tape. We offer tan, white and clear tape at competitive prices.

Polypropylene tape offers excellent performance and sticks quickly. It is perfect for sealing cardboard boxes, clamshell packages, paper bags, food boxes, deli containers, sandwich boxes and light bundling.

PVC Tape

While PVC tape is more expensive than polypropylene tape, it has several advantages. PVC tape is known for its FDA certification used for packaging food products. It provides high-quality adhesion, low noise application, and excellent printing properties. Use PVC tape to perfectly seal boxes and cartons while advertising your company or product.

Paper Tape

Water-activated tape bonds instantly to cardboard surfaces and produces an immediate bond, resulting in a tamper-evident package. Our printed or unprinted paper tape is offered in both fiberglass-reinforced (to hold between 25-90 lbs) and plain paper option. They can be custom-printed to display your logo and unique message. In addition, this high quality tape is not affected by extreme hot or cold temperatures.
