We are thinking the left side for the background and silver for the fonts. Open to recommendations.

Fonts: We like this font. It could be the same one or a recommended similar one.

Monogram: We want to play with the letters PP to create a real estate looking monogram. It could be a house shape, a key shape or something that is easy to relate with a real estate agency

Name: Platinum Property Co. We want a Monogram and Name similar as shown below
Creative ideas welcome.
