

Depth effect “coming out” and the round effect on the shapes

Dot pattern
on the grey

Line
movement
“road”
pattern

Dot pattern
fade effect

Like that the
two lead into
each other

Texture with
the different
shades

Like shapes
– like the
“road feel”
and flow

Overlap and
effect of
coming out

Love this
design

Great
variations of
the line
intersection
concept

Overlapping
effect

This is my
favorite
version, just
needs some
geometric
pattern on
the red and
black

Like the design and the bottom of the first page
