SAFETY INSTRUCTIONS

- Be sure not to mix 12- and 20-gauge cartridges together as a 20 gauge loaded by mistake will lodge in the barrel causing an obstruction.
- If you experience a flat report or low recoil stop shooting immediately and check barrels for an obstruction.
- Old guns should be serviced regularly by a gunsmith and sent for re-proofing. If in doubt, please contact the proof house. London: 0207-4812695 Birmingham: 0121-6433860.
- The Shotshell Company accepts no responsibility for damage or injury resulting from re-loading shells, or the use of re-loaded shells.
- Before loading make sure the barrel bores are not obstructed.
- Heavy oiling is not recommended.
