

1. If possible, please modify the logo like below, to make it more attractive

2. Can you make the right side in the color below? White background

3. Please also keep this element, from one of you other drafts

4. Please use the left element, also with the light shadings etc.

(if possible, can you also provide the right element in the illusrator file?)

5. Can you add an area like below where we can highlight specific ingredients? We can add the picture into that area ourselves later
