

This project is for a gift box that will hold a luxury makeup brush set.

I have attached the packaging dimensions of the box printing file we need designed (271mm high \* 80mm \* 80 millimetres). We want the whole box to be in black marble similar to the attached example. This is a gift box and we want it to have a luxurious, high-end feel. All font should be clear but minimal and in sans serif font. On the front it needs to have:

Brand Name/Logo: Noir Deluxe

And this description: Professional Makeup Brush Set

On the bottom of the box the UPC barcode (file attached) in this size: 48.5 mm x 25.4 mm
