

About Us

We specialize in one-to-one personalized, quality pet care. We offer many services to cater to your needs. Whether you have dogs, cats, reptiles or rodents, we can help!

Our business was born out of necessity. There were very few options for pet owners as recently as 15 years ago for pet care when pet owners needed to travel or work long hours. We were in the same boat, with a new puppy and both "mom and dad" working in an industry that took us away from our fur-baby for ten hours a day and business trips that didn't allow an extra carry-on with fur sticking out! How would we ever find someone we trusted enough to care for our baby boy? Other pet owners must be resonating with these same feelings of guilt, worry and fear.

I imagined a company that could provide peace of mind for pet owners. I knew that my vision would allow others to be able to enjoy the benefits of pet ownership, while maintaining their careers, social lives and family time without holding on to the guilt. I gave up my corporate career because of this belief. I wish I could say it was the hardest thing I have ever done, but in fact it was blissfully easy, because it was meant to be. I found my path and with a lot of hard work and long hours, my vision became a reality.

Today, we are a fully-staffed company with employees (not independent contractors) who are as excited about working with pets as I am. We are continually educating ourselves and when we are not caring for pets, we are studying coursework on how to be better in-tune with dog behavior, pet health and related topics (we are a FetchFind Certified business). We truly pride ourselves on giving the pets we care for a full "experience" and not just a walk. The love I have seen from my staff warms my heart and gives me hope for this world!

If you have pets and experience any feelings of guilt when you need to leave them behind, reach out to us! We pick right up where you leave off, with smiles, love and adventures that can turn an ordinary day extraordinary!

PROFESSIONAL PET CARE SERVICES

Day Care and Overnight Boarding

We understand that leaving your dog at home or in a kennel is not always the best option. That's why we offer leaving your dog(s) with us at our home. We accept smaller breed dogs (approximately 30lbs or less) who are fully house-broken, neutered/spayed, and socialize well with other dogs. All vaccinations must be current, including rabies, DHLPP/Parvo, and Bordetella.

While staying in our home, your dog will enjoy walks by the lake, playtime in our fenced-in yard, and sleeping and playing inside our doggie playroom. We try to limit the number of guests in order to maintain a relatively peaceful and calm atmosphere. We do not crate your dog unless you specify we do. We provide dog beds, bowls and toys; you provide their food and whatever else will make their stay more comfortable!

Sleepovers

Our newest option is becoming increasingly popular with pet parents who want to leave their pets home, but not alone, overnight. Now we can arrange to have a sitter stay with your pets overnight in the comfort of your home (from 10 pm to 7 am). This option includes a late-night walk & an early morning walk. Mid-day visits are additional and can be supplemented as needed. This service includes any home care services you may need while you are away at no additional charge. It includes care for all pets in your household.

Dog Walking

We are pleased to provide dog walking services Monday-Friday between the hours of 10:00 am and 5:00 pm.

- Walking your dog (we offer a standard untimed visit and a guaranteed one-hour visit)
