

COMMUNITY STEWARDSHIP

Stewardship is part of our culture and reflects our commitment to investing in the community in which we work. While we build projects in our community, we also build relationships that help support important non-profit organizations.

Giving kids the essentials that they need to thrive by providing food, clothing and beds.

Embracing children by providing education and therapies to nurture hope, courage and the skills to soar.

It starts with
great buildings
and ends with
great tenants

Lake Washington Partners is a privately owned commercial real estate company. Our focus is on long-term portfolio investments and development projects across the country. We specialize in large-scale industrial facilities and Class A office space.

Jordan Lott, our president and founder, was influenced and encouraged by his late grandfather, Manny Lott. Manny was an entrepreneur, community leader, and investor in some of Seattle's most iconic real estate, including the Arctic Building, a downtown Seattle landmark. Jordan's early experiences and his growing interest in commercial real estate fueled him to create Lake Washington Partners.

Under Jordan's leadership, Lake Washington Partners has successfully developed and acquired 7-million square feet of property nationwide, with more than 1-million in the Seattle metro area... and we continue to grow.

Jordan Lott

THE TEAM

DAVE YORK, Sr. Construction Manager
RICK FORBES, Controller
NANCY REGNIER, Sr. Property Manager
KATIE MICHALS, Business Operations Manager
KRISTIN WEHRLE, Sr. Accountant
MARJAN FORUZANI, Counsel

WHY WE'RE DIFFERENT

1

We own every building we operate and we operate every building we own.

2

We are customer-centric, fostering strong professional relationships with our clients.

3

We are more than just buildings. We are long-term investors in our properties and our communities.

4

We are privately-held, which allows us to always put our clients' needs first.
