

"A service you can trust, people you can count on"

## For all your temperature controlled transport needs chose ASD

UK and European deliveries

24 monitoring and tracking

Dedicated vehicles

Pharmaceutical and food industry

## About Us

Experience speaks for itself and here at ASD Cool Couriers we have many years experience in the haulage industry and in particular Temperature Controlled Transportation. As a CPC holder experienced in costing, time and route planning, sub contracting and logistics management we ensure your delivery or collection is on-time, tracked and audited, leaving you to get on with running your business.

Our fully employed drivers are smart and professional and have a mass of industry knowledge and experience. When your goods are transported by ASD you can be assured that our drivers will be great ambassadors for your business. ASD Cool Couriers are full members of the FTA, which is a mark of our standing in the industry.

## Services we offer

We offer our services in the Food, Pharmaceutical and Cargo/air freight industries. Chilled, frozen, and ambient couriers with vehicles of -25°C to +20°C temperature range. UK and Europe wide deliveries and collections, 24 hours 7 days a week. Full FTA membership and goods carried to CMR/RHA conditions of carriage. Our drivers are also COD trained for the Cargo industry.

## Benefits of working with ASD

Fully maintained modern fleet of refrigerated vehicles. All vehicles fitted with temperature recorders. Fully tracked and available 24/7. All drivers are trained, and security checked. Flexible payment terms to suit your business. Friendly and professional staff.

## Testimonials

" ASD Cool Couriers regularly deliver to one of our clients from Surrey to Manchester, they are highly professional and always on time. Can highly recommend them." A. K.—Managing Director, Pharma Company

"Andy and his team at Cool Couriers have a can do attitude and never let us down. Would not hesitate to recommend them." - J. B.—Food Logistics Company
