PERSONALISED
EDUCATION *For You*

1 University 31 Countries™

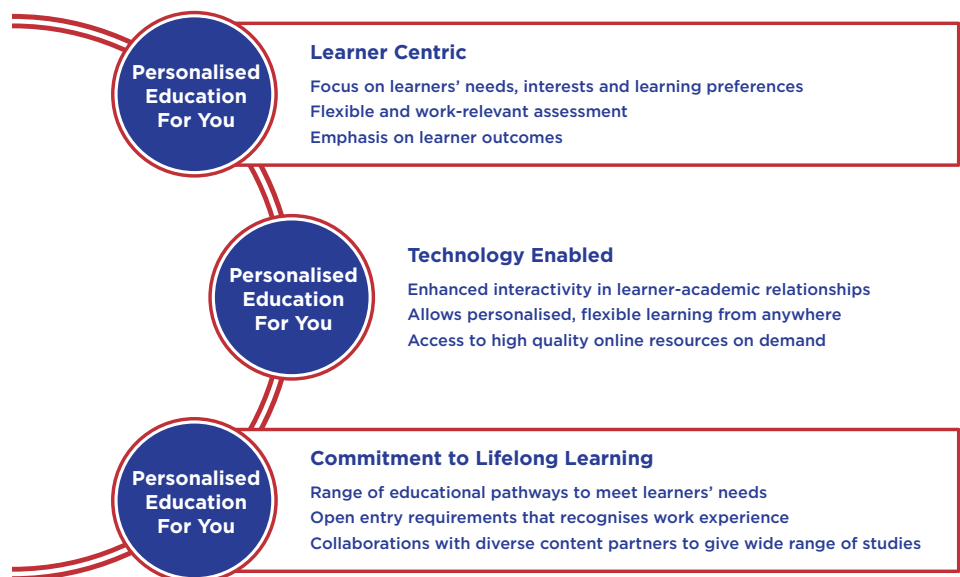

Asia e University (AeU) is a flexible, international university established under the Asia Cooperation Dialogue (ACD). It is an initiative of Malaysia, as a prime mover for e-education, with the support of 31 ACD member countries.

AeU collaborates with global educational institutions to offer quality, affordable and marketable programmes through e-learning. Our cross-border and cross-culture programmes have attracted high numbers of postgraduate students from around the world.

AeU is also the main facilitator of the Asian Credit Transfer System (ACTS) - the mutual accreditation of academic programmes among Asian educational institutions. The ACTS is part of AeU's CSR efforts in narrowing the digital divide among Asian communities.

Focused on personalised learning on demand, AeU provides education for working professionals in search of flexibility, innovation and creativity in their education needs.

Special recognition by the Malaysian Ministry of Higher Education in 2011 was apparent in its appointment of AeU to spearhead Malaysia Education Online (MEdO). With the cooperation and participation of other universities and educational institutions, AeU promotes and delivers Malaysian online education to the rest of the world.

SOM offers demand driven programmes in business and management. SOM programmes equip graduates with the necessary knowledge, skills and personality traits required by future business leaders in the evolving Asian business and economic environment.
