

Messiah & His Granny

First things first

To start our day

Mommy's got to go away!

While she's away

You may be blue

But Granny will take great care of you!

Alright little boy!

Let's start our day

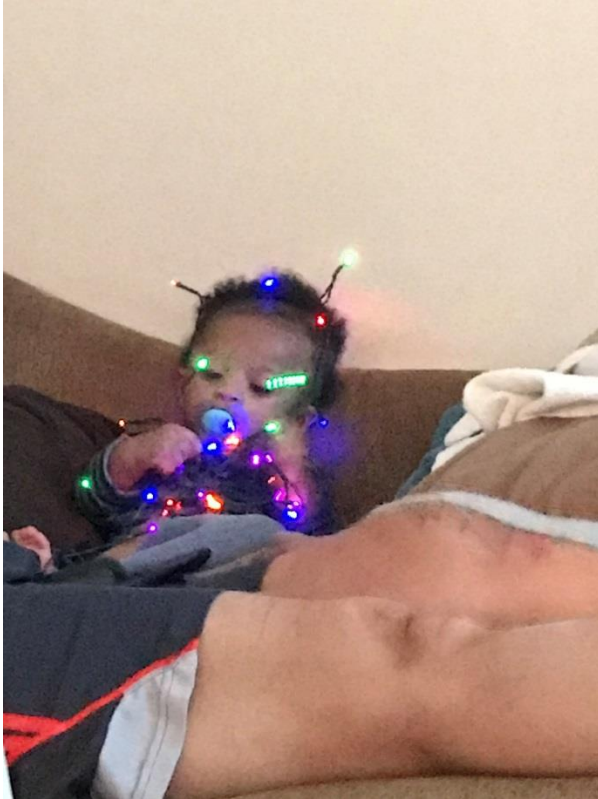

Should we eat? Should we nap? Or should we play?!

It's whatever you want

You're the love of Granny's life!

How about we play with the Christmas lights!

Let's make some noise!

Or sing some songs

As long as you're smiling, we can't go wrong!

I'll pick some tunes

You sing real loud

Your little voice makes me so proud!

We sang and danced

With a shake and twist!

We can certainly cross playing off of our list!

Now that we're done

Let's search your pack

I know your mommy brought you a snack!

Okay my sweet boy,

Our day's almost done!

It really seems like we've just begun!

We danced, we played, we sang, we snacked!

The only thing left to do now,

Is nap.
