

Kitchen Detail Cleaning Service

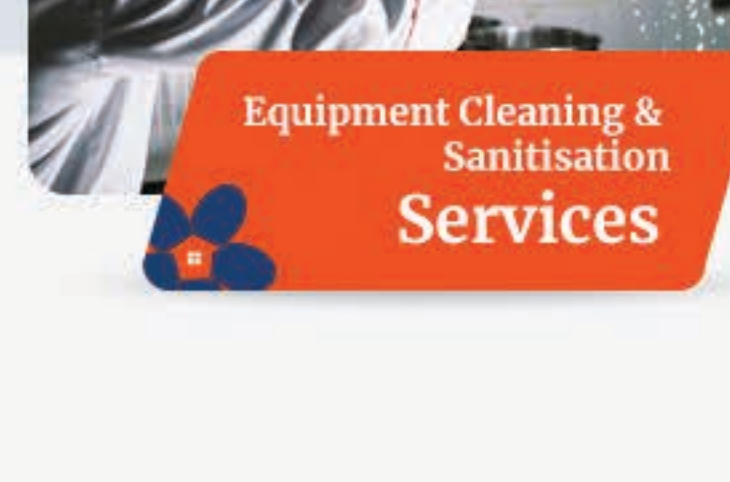

Welcome To CleanSource

We have been in the Commercial Cleaning and Maintenance business for 15 years. We have built a strong and steady reputation. Our people are professional, reliable and customer service focused.

Our business strategy is to align strong and professionally skilled resources to each of our customers with a focus on a quality driven service, to create a dynamic and positive work environment. Our purpose is to provide high quality hygiene and sanitisation services to each of our dedicated portfolios across equipment cleaning services, gurney and playground cleaning, general commercial cleaning and property facility maintenance services to create the most effective results for our customers and community.

Portfolio

OUR SUCCESS STORIES

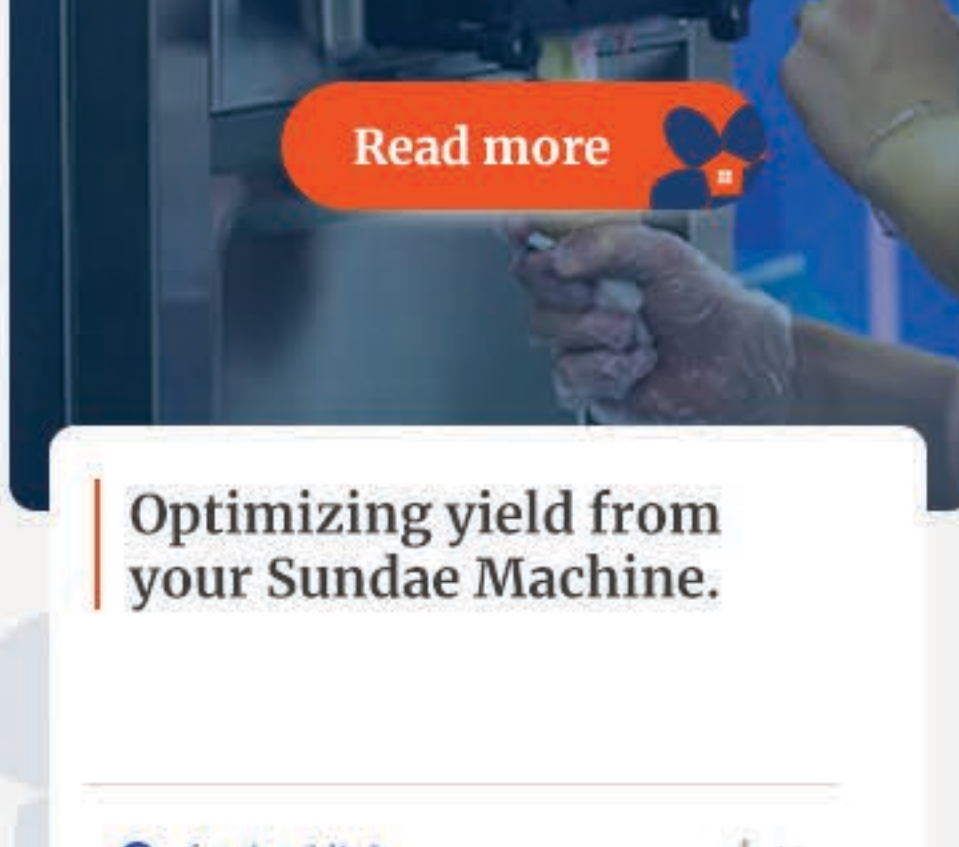

Project Management:

We successfully managed the roll out of 200 Equipment Asset Sundae Krusher Machines, 191 K Carpigiani Machines for KFC from 2012 to 2019 for the facilities department. We resourced the project with the most effective talent including skilled mechanics, mechanical engineers and professional tradespeople.

CleanSource was responsible for the regular fortnightly cleaning and maintenance sanitisation services including regular 6 monthly tune up kit installations for the KFC Community across, Sydney, Brisbane, Melbourne and Adelaide.

Safety and Compliance

CleanSource values safety and environment. We have an overriding commitment to health, safety and environmental responsibility.

Each member of our company community undergoes a yearly on-line safety refresher course, and performs a routine reflection safety check and risk assessment at each clients site on attending work each day. We have safety work method statements in place and work on ensuring our people work safely on site through practical application of safety steps, safety shoes and appropriate personal protection equipment (PPE) work gear.
