[1.0]	6TH MAY 2020	SCOPE OF WORK, MANUAL AND CHECKLISTS

Food Service Equipment Cleaning

Full Brush Cleaning Service for Taylor, SPM IPRO Slushy, Carpigiani, Gelmatic sundae, soft serve and yogurt machines.

Scope of works - Checklist

- ✓ Empty Mix
- ✓ Dismantle Machine
- ✓ Check Orings, shaft, blade and general machine parts
- ✓ Clean and sanitise machine thoroughly
- ✓ Reassemble Machine, rinse to clear chemical residue
- ✓ Lube seals and Orings
- ✓ Fill with Mix and prepare for production

Benefits

Benefits consistent, high quality equipment cleaning supports maintenance of machine to required health and safety standards, extended life of machine and optimal product yield. Utilizing CleanSource allows you to focus staff on core service activities and eliminate the need to continually train new crew members.

Playground Cleaning

Full cleaning and sanitisation of playground equipment and play area.

Scope of works - Checklist

- ✓ High pressure gurney water clean
- ✓ Detailed scrub of surfaces to remove all grime and debris
- ✓ Sanitisation inside and out of play ground
- ✓ Gurney Flooring under play structure
- ✓ Use of non- toxic child friendly chemical
- ✓ Upgrade * for Graffiti Removal based on consumption.

Benefits

Benefits Playgrounds are great fun and used by children extensively, during this time they are exposed to the weather and the external environment, including significant dust and grime from nearby roads and traffic. We pay careful attention to the top of the structure and in and around all areas of the tube and open slides.

Regular cleaning and sanitization of playgrounds provides effective maintenance results to ensure cleanliness and hygiene standards.
