Files Accepted: Adobe Illustrator or Press Ready PDF (Illustrator editing capabilities turned on) with 5mm bleed and trim marks.

4-Color Process Printing: All artwork must be created in CMYK format. If Spot Colors or colors made from RGB are provided, our presses must convert them to CMYK and therefore, colors may vary from your original artwork.

Spot Color/Special Print Finishes: If PMS colors have been specified please ensure they are set up as Spot color in working file. Special print finishing such as spot UV or foil stamping also need to be setup as spot color.

Gloss & Matt Lamination: Please specify if gloss or matt lamination is required.

Fonts & Images: Please supply all fonts used in artwork, otherwise convert to outlines before supplying artwork. Please also provide any linked images or embed.
