

## FONTS INSPIRATION

We are thinking that it could be fun to use fonts inspired by the movies that inspired the product names. Below are suggestions for these (colours should reflect flavours):

CHEEKY CHOCCY  
WOWZA

*Font: Willy Wonka*

MY NAME IS RED,  
JUST RED 

*Font: Stencil. The gun has been taken from a 007 font, cut out and added here.*

I'm Coconuts  
About You!

*Font: Jacoby ICG.*
